CAREER TIMELINE

2020 – PRESENT · BARCELONA

Owner & Director

New Day Climate — boutique climate consultancy differentiated by high-quality, customized advisory work, client retention & account expansion

- Own end-to-end client relationships with Spanish-based international companies, focused on long-term relationships, repeat work and account growth.
- Act as **main point of contact with CEOs, purchasing teams & senior stakeholders**; manage **proposals, scope/pricing, contract negotiations** & ongoing client satisfaction.
- Manage commercial pipeline through personal contacts, referrals & relationship-led business development.
- Convert initial CO₂-management engagements into broader climate transition strategy, climate risk, implementation, LCA-tool development, reporting & sustainable procurement.
- Deliver corporate & product GHG footprints, Scope 3 analysis, LCA, SBTi target development, transition/climate-risk plans and sustainable procurement work, including supplier standards, risk assessment, engagement & training.

2015 – 2019 · BARCELONA & INTERNATIONAL

Manager, Strategy & Operations

Deloitte Consulting — client-facing lead across strategy, finance, operations, supply chain & digital transformation

- Served as **primary client contact and escalation lead** for multiple strategy and operations consulting assignments with large multinational clients, supporting repeat business and cross-selling across business transformation, finance, logistics, procurement, IT/digital and sustainability-related operations.
- Led commercial and proposal processes** for approx. €350K/year of consulting revenue, including opportunity qualification, scoping, pricing, solution design and client presentation.
- Led cross-functional transformation projects involving finance, supply chain, procurement, IT and operational stakeholders, giving me direct credibility with the **business functions that must implement sustainability and transition plans**.
- Developed Deloitte Spain's sustainable operations consulting offering, covering supply-chain transparency, impact mitigation and circular economy, delivered for Canon.
