CAREER TIMELINE

2020 – PRESENT · BARCELONA

Owner & Director

New Day Climate — climate & sustainability consultancy: energy transition, CO₂ reduction & sustainable supply chains

- Built the consultancy from scratch — service lines, delivery methodology and a distributed international subcontractor network.
- Renewable-energy & EV investment analysis; energy-transition strategy**; CO₂ measurement, SBTi & Scope 1-3 reduction plans.
- Led a sustainable supply-chain & procurement program for a pharmaceutical client — supplier standards, risk assessment & training.

2015 – 2019 · BARCELONA & INTERNATIONAL

Manager — Strategy & Operations

Deloitte Consulting — operations, supply chain, procurement & finance transformation for multinational clients

- Redesigned & implemented global financial operating models (team locations, systems & ways of working) for **Rio Tinto** and **MSD**.
- Led an AI-driven supply-chain optimization platform for **Coca-Cola European Partners** — control tower, data integration, custom KPIs & dashboards.
- Ran a systems-integration program for **Siemens Gamesa** (renewable-energy manufacturer); managed logistics, finance & procure-to-pay optimization projects for other multinationals.
- Built Deloitte Spain's sustainable-operations offering — supply-chain transparency, impact mitigation & circular economy.

SELECTED CLIENTS: Coca-Cola · Allianz · Rio Tinto · MSD · Siemens Gamesa · Generali · IATA · Cigna · Areas / Elior Group · Canon

2013 – 2015 · KABUL

Director of Operations — USAID ACE

DAI — US\$77M US-Government (USAID) agricultural finance program; 32,000 farmers across 31 provinces

- Directed all operations of a US\$70M+ program in an active conflict zone; supervised **50 staff** across HR, finance, procurement, logistics & IT.
- Built the operations function from zero: wrote HR policy, salary scale & contracts; led recruiting; trained accounting, audit & procurement teams.
- Designed procurement tools & processes; brought US\$7M of operations spend under control with audit-ready accounting.
- Recovered US\$1.1M through budget restructuring; ran an IT services & software migration for 100 users — maintaining operational continuity & staff safety.

2011 – 2013 · WASHINGTON, DC

Project Coordinator — Environment & Energy

DAI — international water, energy & economic-growth programs

- Built and dismantled complete operational structures: operational **start-up of a US\$16M MENA program** and closedown of US\$24M in Philippines programs; field assignments in Kenya & Oman.

2008 – 2010 · NIGERIA & SOUTH SUDAN

Logistics, Administration & Security

Doctors Without Borders (MSF)

- Managed 35 staff constructing healthcare facilities in refugee-camp settings; ran an emergency vaccine supply chain reaching 3,000 people; advised on security to maintain operating access across nine countries.

BEYOND WORK Lived long-term on five continents · thru-hiked the 2,190-mile Appalachian Trail · lived a year in a cabin in rural Alaska · active in several climate-focused NGOs & activist groups.
