CAREER TIMELINE

2020 — PRESENT

Director & Lead Consultant

New Day Climate — boutique climate consultancy; managing project teams of subcontracted consultants, domain experts & client staff across multiple concurrent engagements

- Own end-to-end client relationships as **main point of contact with CEOs, purchasing teams & senior stakeholders**; manage proposals, scope/pricing, contract negotiations & delivery.
- Deliver **CSRD-aligned climate risk reporting, CDP preparation support, SBTi target development** & GHG Protocol-compliant emissions inventories (Scope 1, 2 & 3).
- Developed standardized consulting methodologies for carbon accounting, climate risk assessment & sustainable procurement. This includes custom interactive tools (scenario analysis web apps, supply-chain dashboards, ecodesign calculators).
- Built an **ecodesign optimization tool** for a manufacturing client — compares LCA data across product variants, enabling data-driven decisions on materials, processes & design to minimize environmental impact.
- Led a sustainable supply-chain & procurement program — supplier standards, risk assessment, engagement & training.

2015 — 2019 · BARCELONA & INTERNATIONAL

Manager — Strategy & Operations

Deloitte Consulting — client delivery lead across digital, data & operations transformation

- Developed Deloitte Spain's sustainable operations consulting service offering** — supply-chain transparency, impact mitigation & circular economy, delivered for Canon.
- Managed & mentored teams of **3–8 consultants** across concurrent engagements — performance reviews, professional development & workload allocation; developed reusable delivery methodologies to standardize service quality.
- AI finance & logistics platform**: Led delivery of an AI-driven finance & logistics management platform for **Coca-Cola European Partners**, built on SAP — supply-chain control tower, data integration, custom KPIs & dashboards.
- Systems transformation**: Managed logistics, finance & procure-to-pay optimization projects, including a systems-integration program for **Siemens Gamesa**.
- Agile delivery**: Led agile delivery of Allianz's "One Claims" insurance-claims platform — sprint planning, story-point velocity, SIT/UAT.
